Southeast Health Center of Stoddard County Offers Career Opportunities

Southeast Health Center of Stoddard County is adding team members to its inpatient registered nursing staff.

Registered nurses with valid Missouri licenses can earn \$35 an hour for full or part-time employment on the hospital’s Medical Telemetry, Behavioral Health or Emergency units.

The offer does not apply to Per Diem staff.

Sue Ann Williams, Southeast Health Center of Stoddard County CEO, said this offer is being made to help alleviate staffing shortages, which are a concern to hospitals nationwide. “We welcome new team members,” she added. “At Southeast Health

Center of Stoddard County, we place the highest priority on excellent patient care. Nurses who join our team will find a professional, supportive environment that, like our wonderful community, is family-centered.”

Registered nurses interested in learning more may contact SoutheastHEALTH Human Resources Recruiter Yvonne Pope at ypope@sehealth.org or 573-331-6665.
