Bill Aslin, City of Bloomfield Mayor, Industrial Development Authority of Stoddard County Board Member and Foundation Board of Stoddard County Board Member

Aslin presented a letter to the Commission stating the following,

"This letter will inform you of my decision to retire from the above boards as the representative for the Bloomfield community effective at the Annual Meeting to be held on July 16, 2024. It has been my pleasure and honor to have served, as President, on these boards for 30 years representing the Bloomfield Community. As I end my tenure I wish to thank the present and past County Commissioners, present and past board members, and current executive director, Peter Coutavas, for their support and service to both boards. In addition, two of our past executive directors, the late Gary Capps and the late Julian Steiner, both were instrumental in several successful projects during their tenure. I would be remiss if I did not also thank Sue Tippen for her service of over 20 years as our Assistant Director of both the IDA and Foundation Boards. Last, but certainly not least, a huge thank you to John Pruitt, Treasurer, and Janet Coleman, Secretary of their service of 28 and 29 years respectively."

I would like to recommend Amy Haas as my replacement on both boards to represent the Bloomfield Community. Amy currently serves as President of the Bloomfield Chamber of Commerce and President of the Bloomfield City Park Board. Amy has been very instrumental in helping to secure sites for the new businesses now in Bloomfield."

"I am very saddened to hear you are resigning, but I do want to thank you for your extraordinary work you have done on the board meeting," commented Commissioner Jarrell.

"As I have told my sons there are givers and takers in our community and you have definitely been a giver," stated Presiding Commissioner Greg Mathis.

Chuck Kasting, Stoddard County Ambulance District Director

"Several months ago I brought this up with Beau Bishop, EMA Director and having been up at Perryville the last time and the influx of people who came there, I felt the need to work on this project extensively," commented Kasting.

"Stoddard County is the 10th largest county in Missouri and we have a lot of flat viewing area. We have 9 ambulances staffed on Monday, April 8th," continued Kasting.

At the current time the forecast is calling for clear skies, warm weather and beautiful viewing of the only eclipse most likely in the next 50 plus years.

"This is a very unique event in our County with totality to be around 1:50 p.m. - 1:56 p.m." Kasting stated.

All schools in Stoddard County will be in session. In Dexter, Amy James, superintendent is locking down the campus to outside viewers. They will use buses at the entrances to the campus to prevent people coming and setting up while the students are also viewing the eclipse.

Kasting encouraged all solar eclipse viewers to wear certified eye protection as the sun's rays will damage the eyes. You also can not take photos with your cell phone without a special lens cover. Once the event is complete around 2 p.m. the traffic may get heavy pretty fast with people leaving the area. Be patient and wait. There will be extra law enforcement on hand to help with traffic as well as any emergencies. Highway 60 and Highway 25 may become congested during the eclipse as people may pull over onto the side of the roadways to view the eclipse.

Ronnie Owens, PWSD #6 Bernie, MO

"We got with Katelyn Lambert, Bootheel Regional Planning Commission, and she stated we might qualify for ARPA Funds for reimbursement for locates for GoSEMO Fiber," commented Owens.

Owens presented a typed official request. "PWSD #6 located in Southwest Stoddard

County would like to request \$12,000 from ARPA funds. During the months of February and March PWSD #6 was billed \$2,999.00 and \$9,034.00 respectively. The bills were from Cas Construction, who is in good standing with the State of Missouri.

The bills were for the locates and repairs due to the new GoSEMO Fiber optic Project. These expenses were not foreseen and were not included in our budget."

There will be eight active cameras available for viewing along with weather data in Advance, Bell City, Bernie, Bloomfield, Cyrus, Dexter, Essex and Puxico. The start date would be 2024 through 2027. This is a one time fee of \$5,000 for the enactment of this 3 year plan.

Carol Moreland, Stoddard County 911 Services

Presiding Commissioner Mathis received a letter from Mrs. Moreland. The Commission makes Board appointments for the 911 Board; however does not oversee the Board of Directors.

"We have a board member vacancy. Gary Kitchen passed away last month. Gary was very dependable and served our county well. We would like to recommend Sandra Houtz Hickson for the unexpired term. She lives in Bloomfield and is a Nurse Practitioner in our county. She was formerly a 911 Communicator for Stoddard County Ambulance and Stoddard County Sheriff's Office. She is very familiar with emergency services. She is a great person focused on serving our County. The unpaired term ends December 31, 2025. House Bill 816 states we must have six members to represent public safety agencies. We have those covered and need a private citizen in the Bloomfield area."
