Eagle Days at Duck Creek and Mingo Coming Soon

Missouri Department of Conservation to co-host Eagle Days at Duck Creek CA and Mingo National Wildlife Refuge

Puxico, Missouri - Bald eagles are large birds of prey and in winter they follow waterfowl flocks that often settle on southern wetlands in large numbers. Together, eagles, geese and ducks provide a dramatic winter show. Hosted by the Missouri Department of Conservation (MDC), the U.S. Fish and Wildlife Service, the Eagle Days event includes wildlife viewing opportunities outdoors and indoor nature programs Saturday, Feb. 7, from 9 a.m. to 4 p.m.

Pat Holloway, an MDC education consultant, said families and visitors of all ages can expect a fun, adventurous event that will help conquer cabin fever.

”Join us for an outdoor nature experience and discover cool facts about bald eagles, which were chosen as our nation’s symbol in 1782,” Holloway said, adding that visitors are encouraged to dress appropriate for outdoor winter weather.

Staff from Dickerson Park Zoo will present educational programs featuring a live eagle throughout the day. The Mingo National Wildlife Visitor Center will display items related to eagles. Several outdoor spotting scope sites on Mingo National Wildlife Refuge and Duck Creek Conservation Area (CA) will provide opportunities to view eagles, ducks and

geese in the wild. Both Mingo and Duck Creek are expansive areas, so visitors are encouraged to pick up a brochure containing a map of the eagle viewing stations when they arrive.

All Eagle Days activities are free. Mingo National Wildlife Refuge and Duck Creek CA are located along highway 51, north of Puxico. For more information about Eagle Days events, call Mingo National Wildlife Refuge at (573) 222-3589 or MDC at (573)290-5730. To learn more about eagles and places to view them in Missouri, visit the MDC website at mdc.mo.gov/events/eagledays.
