Schmedemann Named Maternal and Child Health Services Director at St. Francis Medical Center

[SCHMEDEMANN NAMED MATERNAL AND CHILD HEALTH SERVICES DIRECTOR](#)

Cape Girardeau, Missouri - Saint Francis Medical Center announces the appointment of Isabel Schmedemann, RN, BSN, MBA, FACHE, as director of Maternal and Child Health Services.

Schmedemann will oversee the full continuum of obstetrical care offered by Saint Francis, including high-risk prenatal care provided by Cape Perinatology Services, labor and delivery within the Family BirthPlace and Cape Care for Women, specialized neonatal care for premature and critically ill newborns in the region's first Level III Neonatal Intensive Care Unit, and follow-up pediatric care at the Children's Center.

Prior to coming to Saint Francis, Schmedemann was chief operating and chief nursing officer at Goodall Hospital in Sanford, Maine; associate vice president of nursing at Southern Maine Health Care; chief nursing officer at McKee Medical Center in Colorado; vice president of patient care services at Hutchinson Hospital Corporation in Kansas; and maternal-child nursing director at Lawrence Memorial Hospital in Kansas.

Schmedemann earned her MBA from Baker University in Baldwin City, Kansas, and a BSN from the University of Kansas School of Nursing.

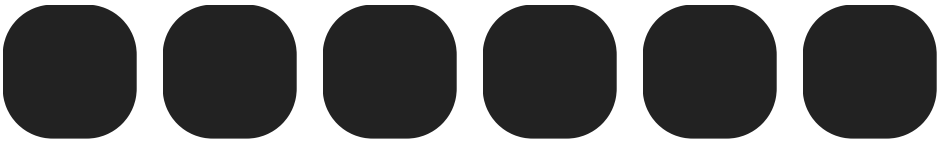

Saint Francis Medical Center is a 289-bed facility serving more than 650,000 people throughout Missouri, Illinois, Kentucky, Tennessee and Arkansas. Guided

by its mission to provide a ministry of healing and wellness inspired by its Christian philosophy and values, the Medical Center has become a progressive, innovative regional tertiary care referral center. Saint Francis' major service lines, which have received national recognition, include the Neurosciences Institute; Orthopedic Institute; Family BirthPlace, featuring the region's first Level III Neonatal Intensive Care Unit; Heart Hospital; Level III Emergency and Trauma Center with Convenient Care; Cancer Institute; and Fitness Plus.

Thanksgiving Foods Harmful to Your Pets

NOVEMBER 25TH 2015 BY DEE LOFLIN

Thanksgiving Foods Harmful to Your Pets

Thanksgiving is a time to be thankful for what you have, spend time with your family and

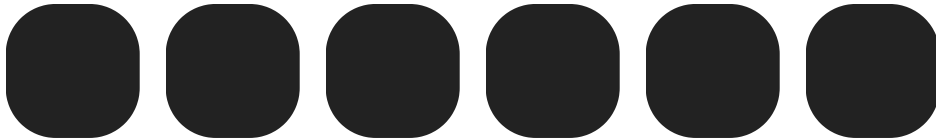

of course eat all those delicious home-made foods you wait all year long to consume!

Just remember like people giving your dogs too much of a particular food can make them sick or even kill them. The last thing we want to do is harm our beloved fur babies. Here is a list of foods that you need to be careful of when having guests and family over to your home. Make sure your dog is protected from foods falling from plates!!! Have a safe and Happy Thanksgiving!

Small Earthquakes Rattle Area Overnight

Southeast Missouri - Were you awakened by a few shakes last night? Were your pets awake and a little nervous? If so, they may have felt the earthquakes. Many residents in southeast Missouri may have felt the ground quiver and shake when seven earthquakes were reported by the USGS within 2 hours of each other on Wednesday morning.

A 2.9 magnitude first hit at about 12:50 a.m. It was centered four miles south of Lilbourn, Mo. and 22 miles south of Sikeston. The quake registered 4.5 miles deep.

The second earthquake rattled just a minute later. Preliminary reports show the 2.6 magnitude earthquake hit around 12:51 a.m. and was centered four miles south southeast of Lilbourn, Mo. This earthquake measured 5.3 miles deep.

A third earthquake hit at 12:56 a.m. about four miles south southeast of Lilbourn. Early reports show the quake measured 2.3 magnitude and 3.1 miles deep.

A 3.0 magnitude earthquake hit around 1:08 a.m. Preliminary reports show it was also centered three miles south southeast of Lilbourn, Mo. It registered five miles deep.

Two smaller earthquakes rattled around 1:15 a.m. and 2:09 a.m. They measured 1.7 to 1.4 magnitude.

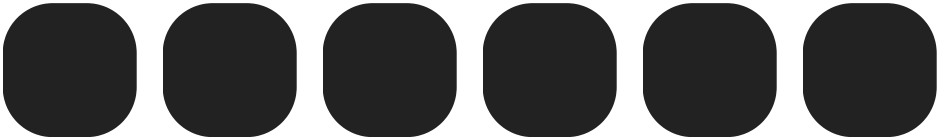

Finally. a 2.5 magnitude earthquake shook at 2:26 a.m. The quake was centered three miles south of Lilbourn, Mo. The quake registered 5.7 miles deep.

Residents in Dexter, Matthews, Risco, New Madrid, and surrounding areas felt the quakes.
