Elementary Construction Comes in Under Bid

MARCH 24TH 2016 BY DEE LOFLIN

Elementary Construction Comes in Under Bid

Poplar Bluff, Missouri - The low bid for the elementary projects—the final component of the Poplar Bluff R-I buildings plan—came in over a half-million dollars under budget, it was announced Thursday, March 17, during the school board meeting.

The Board of Education awarded a \$1.5 million contract to Zoellner Construction to complete this summer the four renovations designed by Dille and Traxel Architects. Zoellner is responsible for building the Junior High safe room and classroom addition this past year, and the Perryville contractor is presently working on the 50,000 square-foot expansion of the future Middle School.

“This is the second time (Dille and Traxel) have come in under budget,” R-I Assistant Superintendent of Business Rod Priest said. “We are very proud of the way they designed these projects. They are producing a good product while remaining conscious of tax dollars.”

The following features are included in the elementary projects for purposes of increased safety and security:

- The newest building at Eugene Field will be connected with a T-shaped corridor between the main facility and the library. The playground will be relocated behind the school so students no longer have to cross a city road for recess.
- The two classroom buildings at Lake Road will be connected with an enclosed

corridor. The opening of the new Middle School with grade four entering the configuration will allow the elementary school to abandon its trailers.

- A front entrance at Oak Grove will be created off the loop road that was financed last summer through the Transportation Development District. Corridors will connect the buildings with ADA-accessible ramps allowing students to travel without having to go outside.
- Four buildings at O’Neal will be connected with ADA corridors. The fourth grade wing will be remodeled for art and music classrooms, allowing for the converted basement currently in use to be vacated. A new HVAC unit will also be installed.

Shown in the photo: Several contractors attend a bid opening Tuesday, March 1, in the board room led by Project Manager Mike Pollard (left) of Dille and Traxel. Also pictured is Assistant Superintendent Rod Priest (middle) and Al Ursery, director of buildings and grounds.

The Poplar Bluff R-I Public School District is comprised of approximately 5,300 students, over 400 professional staff and 300 support staff, and has an operational budget in excess of \$46 million. Our goal, in partnership with parents and community, is to educate all students to their potential, and to inspire them to be lifelong learners who possess the skills and knowledge necessary to be productive members in our changing world.

Local DECA Chapter Brings Home State Awards

MARCH 03RD 2016 BY DEE LOFLIN

Local DECA Chapter Brings Home State Awards

Poplar Bluff, Missouri - Three Rivers College's DECA chapter has secured "Chapter of the Year" honors at the Collegiate DECA State Career Development Conference, held in Lake Ozark, Mo., Feb. 25-26. Two members of the Three Rivers chapter also won individual awards, which qualify them to advance to multi-national competition at the Collegiate DECA international conference in Washington, D.C.

Three Rivers' DECA students competed against 140 students from colleges and universities across Missouri at the state conference. For the "Chapter of the Year" award, students Rebecca Cato of Doniphan and Melissa Speers of Poplar Bluff were interviewed on behalf of the chapter about their activities and experiences as part of DECA at Three Rivers.

In addition to the chapter award, two students won awards in individual competitions. Alex Strauts of Poplar Bluff won second place in the Retail Management competition, and Madison Miller won third in Banking and Financial Services. Students in the individual competitions are required to formulate and present a response to a theoretical problem in their chosen field. Both Strauts and Miller will advance to compete at the Collegiate DECA International Career Development Conference, to be held April 16-20 in Washington, DC.

DECA is an international organization that helps high school and college students across the country prepare for careers in marketing, finance, hospitality, and management through professional development, education, and networking opportunities. For more information on how to support or participate in DECA at Three Rivers College, contact

Dr. Martha Kirkman at mkirkman@trcc.edu.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu.

Digital World of Possibilities Showcased at Tech Camp

FEBRUARY 23RD 2016 BY DEE LOFLIN

Digital world of possibilities showcased at Tech Camp

Poplar Bluff, Missouri - Over 100 Poplar Bluff Middle School and Junior High staff members participated in the second annual Tech Camp on Collaboration Day Friday, Jan. 15, featuring workshops hosted by R-I faculty as well as education leaders from throughout the state.

The 45 break-out sessions at PBJHS centered on resources and strategies for digital classrooms. The professional development event is the brainchild of the R-I instructional technology team, which got its idea in 2014 after attending an International Society for Technology in Education conference.

“We went to great sessions and gathered a lot of info, and thought, ‘How can we bring these ideas back to our teachers, beyond a PowerPoint,’” said R-I Chief Technology Officer Aaron Badgley, adding his goal next year is to expand the training district-wide. “We polled teachers after our first Tech Camp, and they responded that it was the most beneficial PD they had received all year.”

To complement this year’s theme—play with purpose—organizers set up an interactive ‘playground’ in the hallway featuring emerging technologies including a green screen, Google Cardboard, Makey Makey and Sphero kits, which will be made available for classrooms to check out to teach students coding.

Special guest presenters included Greg Lawrence, Wentzville instructional technology coach; Patti Jones, Senath-Hornersville director of change and innovation; and Shannon Mangrum, assistant director of the Poplar Bluff Public Library.

More than \$1,000 in sponsorships allowed for prizes to be awarded to attendees, ranging from Chromecasts to flash drives. Underwriters included: Applebee’s, The Bread Co.,

Colton’s, Donut House, Frontier, Gamma HealthCare, Hardee’s, Harp’s, Hefner Furniture, Kroger, Las Margaritas, Lemonade House Grille, Office Depot, Poplar Bluff Realty, Ronnie Cline, Simmons Tire and Wal-Mart.

PBHS help desk students (from left) Thomas White, Ethan Gutterman and Maci Stucker give up their day off to teach the adults how the new innovations work. Not pictured is student Danni Raymer.

Poplar Bluff December Athletes of the Month Named

FEBRUARY 12TH 2016 BY DEE LOFLIN

Poplar Bluff December Athletes of the Month Named

Poplar Bluff, Missouri - The Mules Booster Club named Poplar Bluff High School wrestler Josh Lewis and swimmer Taylor Norwood the December Athletes of the Month.

Sophomore Norwood, an all-state swimmer, has performed several state cuts and holds multiple school and meet records. In addition to being an exceptional athlete, she is an incredibly “smart kid,” maintaining an 11.143 weighted GPA, according to her coach Elizabeth Lewis-Muse.

Josh Lewis, a junior, is 15:3 so far this wrestling season, and was heavyweight champion during the Tiger Classic in December at Cape Central. According to assistant coach Jason Smothers, younger wrestlers look up to Lewis.

Presenting the plaques to Taylor Norwood and Josh Lewis on Wednesday, January 27, 2016 at E.T. Peters Gym is Booster Club President Jason Smothers (right).

Iron Mules Build State-Qualifying Robot

FEBRUARY 11TH 2016 BY DEE LOFLIN

Iron Mules Build State-Qualifying Robot

Poplar Bluff, Missouri - The Poplar Bluff High School Robotics Club—the Iron Mules—qualified for states after just three years of competing in the FIRST Tech Challenge.

The club won its division and placed second overall on Saturday, Feb. 6, at the Show Me Center in Cape Girardeau. The students will go on to compete statewide on Saturday, March 5, at the Missouri University of Science and Technology in Rolla.

“The challenge was quite a bit harder and much more complicated than the previous two years,” said science teacher Kathy Miller, club co-sponsor. “But, we have some amazing kids participating this year!”

Students had to navigate their classroom-assembled robots through a series of obstacles, scoring points by moving items and climbing to different areas throughout the course. The game was called FIRST (for inspiration and recognition of science and technology) Res-Q. A total of 52 schools participated throughout the region.

(Back row, from left) Jonathan Miller, Cody Eason, Christian Cmeheil-Warn, Sam Traxel, Jocelin Clark, Jessica Foster and Vaughn Albright; (front row, from left) Chang Chi, Diego Rivetti and Bryan Nguyen.
