Three Rivers Closes Capital Campaign with Victory Celebration

APRIL 05TH 2016 BY DEE LOFLIN

Three Rivers Closes Capital Campaign with Victory Celebration ShowMe Times

Poplar Bluff, Missouri - Three Rivers College closed its “Changing Lives, Building Futures” fundraising campaign with a “Victory Celebration” held at the college’s Poplar Bluff campus on April 1. The multi-year campaign was focused on raising donations for the college’s major building projects in Sikeston and Poplar Bluff.

“This isn’t a victory just for one person, but for everyone who has worked hard to support the college and make this campaign a success,” said Dr. Wesley Payne, President of Three Rivers College. “And while we are closing the capital campaign, we’re going to continue to move the college forward.”

Over the course of the “Changing Lives, Building Futures” campaign, Three Rivers raised approx. \$7.5 million through over 400 private donations. The funds raised supported three major capital projects for the college: the construction of a major instructional facility in Sikeston; the Robert W. Plaster Center for Free Enterprise on the Poplar Bluff campus; and the Libla Family Sports Complex, also on the Poplar Bluff campus.

“Because of this campaign, where six years ago there was just a corn field, today there is one of the most modern education facilities in Missouri,” said Scott Matthews, a major donor to the Three Rivers – Sikeston project. “Three Rivers, at all of its locations, embodies the dreams of the area, and is truly changing lives and building futures.”

Construction on Three Rivers – Sikeston completed in 2014, while the Robert W. Plaster Center for Free Enterprise opened for classes in 2015. The final project supported by the “Changing Lives, Building Futures” campaign, the Libla Family Sports Complex, began construction in 2016, with an official groundbreaking on April 1 prior to the Victory Celebration.

In addition to financial donations, the campaign also generated numerous donations of property and equipment. Major property contributions included a 68-acre donation of land from the Matthews family, which made possible the Three Rivers – Sikeston building; and a significant land donation from Dr. Richard Camp, which was used to complete the college’s Main Entrance project.

While Three Rivers has completed the “Changing Lives, Building Futures” campaign, the college is still seeking donations for multiple initiatives, including one-time and endowed scholarships, the college’s “Excellence Fund,” and continuing support of Three Rivers’ capital projects. For more information on how you can make a difference at Three Rivers, or to make a donation, contact Director of Development Michelle Reynolds at 573-840-9077, or michellereynolds@trcc.edu.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu

Ozark Border Discusses Electricity with Students

JANUARY 14TH 2016 BY DEE LOFLIN

Ozark Border Discusses Electricity with Students

Ozark Border Electric Cooperative officials recently visited the Poplar Bluff Middle School to help wrap up with fifth graders a science unit on electricity.

The presenters, Josh Vishe and Charles Hefner, demonstrated how electricity is produced, how Poplar Bluff generates its power and the dangers of getting electrocuted, according to science teacher Melissa Lovette.

Josh Vishe (standing) and Charles Hefner (seated) use models to illustrate how electricity is conducted, including cooking a hotdog with a fork in an outlet to warn about shock hazards.

Photo and article submitted by Tim Krakowiak, Communications/Marketing Coordinator, Poplar Bluff R-I School District

Three Rivers Student Receives Allison Grace

Daughhetee Scholarship

OCTOBER 22ND 2015 BY DEE LOFLIN

Three Rivers Student Receives Allison Grace Daughhetee Scholarship

Poplar Bluff, Missouri - Amanda Vinson, a student at Three Rivers College, has received the Allison Grace Daughhetee Scholarship. Vinson, a non-traditional nursing student, received a \$1,000 scholarship for the 2015-2016 school year. A mother of two children, as well as three foster children, Vinson currently works as a CNA while she completes her nursing degree.

“I’m here to try to make a better life for myself and my children, and thanks to this scholarship, that’s gotten easier,” said Vinson. “I love being in the Nursing program at Three Rivers. I’m happiest when taking care of others.”

The scholarship was endowed in memory of Allison Grace Daughhetee, the daughter of Three Rivers nursing students Ronnie and Melissa Daughhetee, who were in the process of completing their degrees when their daughter was killed in a car accident. Three Rivers College created the scholarship fund as a gift to Allison Daughhetee’s parents, announcing the endowment to the couple as they received their degrees in nursing. The scholarship is awarded annually to a non-traditional student in Three Rivers’ nursing programs.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu.
