White and French Named TRC Teachers of the Year

APRIL 15TH 2016 BY DEE LOFLIN

White and French Named TRC Teachers of the Year

Poplar Bluff, Missouri - The Greater Poplar Bluff Area Chamber of Commerce has named Three Rivers College faculty members William “Buddy” White, Professor of Music; and Harvey French, Adjunct Instructor of Mathematics, as the college’s Teacher of the Year and Adjunct Teacher of the Year. The awards were given at the Chamber of Commerce’s annual Teacher of the Year banquet on April 12.

“We’re proud to honor these teachers, these educators who prepare the leaders of our community,” said Steve Halter, President of the Greater Poplar Bluff Area Chamber of Commerce. “We believe it’s important that education and business work together to train the future workers for our businesses.”

The chamber traditionally honors seven teachers at the banquet: a full-time faculty member and an adjunct instructor from Three Rivers, three Poplar Bluff R-1 district and grade level teachers, and two teachers from local parochial schools.

Music professor William “Buddy” White was named Teacher of the Year for Three Rivers. White has been teaching at Three Rivers for 25 years, alongside his wife Cindy, who is Chair of the Three Rivers Music Department. White specializes in instrumental music education, and leads the Three Rivers College Symphonic and Jazz Bands.

“I’m proud of the work we’ve done over the years to build up the Music Department at Three Rivers, and make it a place where local musicians can come and hone their craft,” said White. “In addition to our Three Rivers students, we’ve also been fortunate enough

to host music festivals and events that helped educate and inspire thousands of local high school musicians throughout the last two decades.”

Mathematics adjunct Harvey French received the Adjunct Teacher of the Year award for Three Rivers. French has 47 years of experience teaching mathematics, six of which he has spent at Three Rivers. In addition to his work at Three Rivers, French has taught at high schools across the region, including Doniphan, Corning, and Naylor.

“I enjoy teaching mathematics in general, and teaching at Three Rivers in particular. My coworkers are a pleasure, and the students are remarkably hard-working,” said French. “I believe teaching math is important because you’re teaching more than just equations—you’re teaching how to think analytically. It helps people learn to make good decisions in life, not just in the classroom.”

“We’re extremely proud of the work that Buddy White and Harvey French have done in our classrooms,” said Dr. Wesley Payne, President of Three Rivers College. “They’re just one example of the excellence all of our instructors display, and the kind of high quality education that our students receive.”

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu.

Three Rivers Closes Capital Campaign with Victory Celebration

APRIL 05TH 2016 BY DEE LOFLIN

Three Rivers Closes Capital Campaign with Victory Celebration ShowMe Times

Poplar Bluff, Missouri - Three Rivers College closed its “Changing Lives, Building Futures” fundraising campaign with a “Victory Celebration” held at the college’s Poplar Bluff campus on April 1. The multi-year campaign was focused on raising donations for the college’s major building projects in Sikeston and Poplar Bluff.

“This isn’t a victory just for one person, but for everyone who has worked hard to support the college and make this campaign a success,” said Dr. Wesley Payne, President of Three Rivers College. “And while we are closing the capital campaign, we’re going to continue to move the college forward.”

Over the course of the “Changing Lives, Building Futures” campaign, Three Rivers raised approx. \$7.5 million through over 400 private donations. The funds raised supported three major capital projects for the college: the construction of a major instructional facility in Sikeston; the Robert W. Plaster Center for Free Enterprise on the Poplar Bluff campus; and the Libla Family Sports Complex, also on the Poplar Bluff campus.

“Because of this campaign, where six years ago there was just a corn field, today there is one of the most modern education facilities in Missouri,” said Scott Matthews, a major

donor to the Three Rivers – Sikeston project. “Three Rivers, at all of its locations, embodies the dreams of the area, and is truly changing lives and building futures.”

Construction on Three Rivers – Sikeston completed in 2014, while the Robert W. Plaster Center for Free Enterprise opened for classes in 2015. The final project supported by the “Changing Lives, Building Futures” campaign, the Libla Family Sports Complex, began construction in 2016, with an official groundbreaking on April 1 prior to the Victory Celebration.

In addition to financial donations, the campaign also generated numerous donations of property and equipment. Major property contributions included a 68-acre donation of land from the Matthews family, which made possible the Three Rivers – Sikeston building; and a significant land donation from Dr. Richard Camp, which was used to complete the college’s Main Entrance project.

While Three Rivers has completed the “Changing Lives, Building Futures” campaign, the college is still seeking donations for multiple initiatives, including one-time and endowed scholarships, the college’s “Excellence Fund,” and continuing support of Three Rivers’ capital projects. For more information on how you can make a difference at Three Rivers, or to make a donation, contact Director of Development Michelle Reynolds at 573-840-9077, or michellereynolds@trcc.edu.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. Three Rivers Dean's List Fall Semester

FEBRUARY 23RD 2016 BY DEE LOFLIN

Three Rivers Dean's List Fall Semester

Poplar Bluff, Missouri - Three Rivers College has released its Dean's List for the Fall 2015 semester. The honor is awarded to students taking 12 or more credit hours in a semester, who achieve a grade point average of 3.5 or above. Dean's List honors are also used at graduation to help determine eligibility for honors or highest honors.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu.

Ozark Border Discusses Electricity with Students

JANUARY 14TH 2016 BY DEE LOFLIN

Ozark Border Discusses Electricity with Students

Ozark Border Electric Cooperative officials recently visited the Poplar Bluff Middle School to help wrap up with fifth graders a science unit on electricity.

The presenters, Josh Vishe and Charles Hefner, demonstrated how electricity is produced, how Poplar Bluff generates its power and the dangers of getting electrocuted, according to science teacher Melissa Lovette.

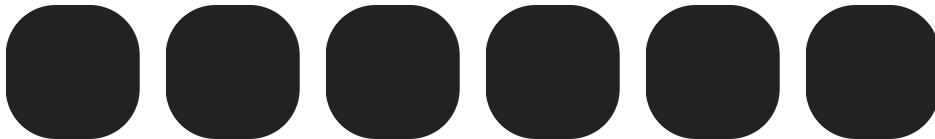

Josh Vishe (standing) and Charles Hefner (seated) use models to illustrate how electricity is conducted, including cooking a hotdog with a fork in an outlet to warn about shock hazards.

Photo and article submitted by Tim Krakowiak, Communications/Marketing Coordinator, Poplar Bluff R-I School District

Three Rivers Student Receives Allison Grace Daughhetee Scholarship

OCTOBER 22ND 2015 BY DEE LOFLIN

Three Rivers Student Receives Allison Grace Daughhetee Scholarship

Poplar Bluff, Missouri - Amanda Vinson, a student at Three Rivers College, has received the Allison Grace Daughhetee Scholarship. Vinson, a non-traditional nursing student, received a \$1,000 scholarship for the 2015-2016 school year. A mother of two children, as well as three foster children, Vinson currently works as a CNA while she completes her nursing degree.

“I’m here to try to make a better life for myself and my children, and thanks to this scholarship, that’s gotten easier,” said Vinson. “I love being in the Nursing program at Three Rivers. I’m happiest when taking care of others.”

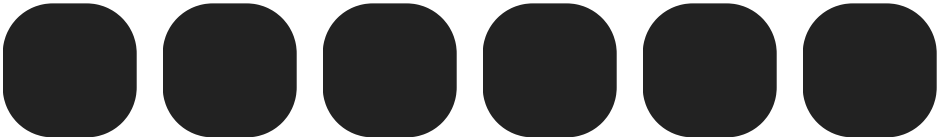

The scholarship was endowed in memory of Allison Grace Daughhetee, the daughter of Three Rivers nursing students Ronnie and Melissa Daughhetee, who were in the process of completing their degrees when their daughter was killed in a car accident. Three Rivers College created the scholarship fund as a gift to Allison Daughhetee’s parents, announcing the endowment to the couple as they received their degrees in nursing. The scholarship is awarded annually to a non-traditional student in Three Rivers’ nursing programs.

Three Rivers College is committed to contributing to the quality of life in Southeast Missouri with quality, affordable higher education opportunities and community services that support and encourage the economic, civic, and cultural vitality of the region. For more information about college and workforce programs and upcoming events, visit trcc.edu.
