Public Input Sought for Otter Slough Conservation Area

Public Input Sought for Otter Slough Conservation Area

Public input sought for Otter Slough Conservation Area

The Otter Slough CA management plan is open for public review until June 30.

The Missouri Department of Conservation (MDC) is in the multi-year process of updating Conservation Area Management Plans, and is seeking public input on how the Otter Slough Conservation Area (CA) is important to Missourians. The Otter Slough CA management plan is open for public review until June 30.

MDC invites comments from recreational users, neighboring landowners, conservation groups, elected officials, government agencies, and other interested persons or groups. To make a comment on this area plan, go online to www.mdc.mo.gov/areaplans.

MDC manages nearly 1,000 conservation areas covering almost one million public acres throughout the state for the purpose of restoring and conserving fish, forest and wildlife resources, and for providing appropriate public use, research and demonstration areas.

Conservation Area Management Plans document strategies for natural resource management and public use on specific conservation areas. Area plans also help communicate an area's purpose and management direction to staff and interested citizens.

"It's important that citizens have a chance to provide their input to their conservation areas," said Matt Bowyer, MDC's Southeast Region Wildlife Supervisor. "We provide a service by managing these areas and we strive to develop quality habitat to promote wildlife health as well as outdoor opportunities for Missourians."

Conservation Area Management Plans do not address regulations on hunting, fishing and other area uses, which are set by the Conservation Commission and enforced under the Wildlife Code of Missouri.

Area plans are currently posted on the MDC website and available at MDC offices for public comment for a limited time.

Bearcat Duo Play in State Tennis Championship at Cooper Tennis Complex

JUNE 01ST 2018 BY DEE LOFLIN

Bearcat Duo Play in State Tennis Championship at Cooper Tennis Complex

Springfield, Missouri - Eric Hahn and Nate Gargas of Dexter felt the pressures of a state championship in the MSHSAA Class 1 Boys Tennis Championship at the Cooper Tennis Complex in Springfield, Missouri. They held their first-round foes to a pair of tiebreakers and then took the next opponents to a third set.

They lost both sets in the first round and dropped two of three sets in the consolation first round.

Kade Ockenfels and Creed Houghton, of Trenton, beat the Bearcat duo 7-6 (4), 7-6 (2) in the first round.

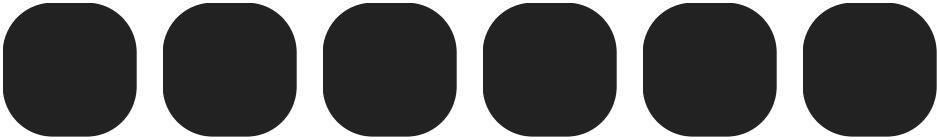

Francesco Bona and Luke Rehagen, of Boonville, beat Hahn/Gargas 1-6, 6-1, 6-4 on the consolation bracket in the double-elimination tournament.

The Dexter community is very proud of their efforts and we look forward to watching them play as seniors in the 2019 boys tennis season!
