O'Neal Receives \$2K Ronald McDonald Grant

O'Neal was recently awarded a \$2,190 grant from Ronald McDonald House Charities to increase technology at the elementary school.

Ten Chromebooks were purchased with the funding last week so the computers can be added to laptop carts in advance of MAP testing.

Intervention teacher Amber Foster applied for the grant with assistance from Krista Sells, reading instructor. They received notification of the award from the organization's grant committee in December.

"We were elated," Foster said. "The Chromebooks will permanently be added to existing carts throughout the grade levels as well as offer the SWIN/TRUST/FUN [classes] access to technology."

RMHC supports nonprofit children's programs in the areas of education, health and social well-being, and the cultural arts.

Poplar Bluff hosts new MSBE members

Most recent Missouri State Board of Education member, Mary Schrag of the 8th Congressional District, along with Kimberly Bailey of the greater Kansas City area, toured Poplar Bluff Schools on Wednesday, May 8, before participating in a luncheon with area superintendents.

Since Schrag received her appointment by Missouri Gov. Mike Parson in March, she has met with 75 superintendents prior to her Poplar Bluff visit, she reported. She is the owner and chief executive operator of Physical Therapy Specialists Clinic in West Plains. Bailey, who was appointed to the MSBE in August, is a licensed marriage counselor in the northwest portion of the state.

“The purpose of the visit was to allow us to take a deep dive into the current issues facing public education, and share what we as practitioners see on the horizon,” R-I Superintendent Dr. Scott Dill explained. “They were engaged and authentic about their work.”
