Citizens Experience Cell Phone Outages in Major US Cities

People began reporting cell phone issues on Monday, June 15, 2020 across the United States. The outages impacted T-Mobile, Sprint, AT&T and Verizon customers.

The [Downdetector website \(click here\)](#) showed an increase in outages beginning around noon CST. Major cities impacted were New York, Miami, Chicago, Dallas, Atlanta and Los Angeles.

Is there a connection between cell phone outages and protesting in the large cities? We may never know for sure, but the T-Mobile Chief Technology Officer Neville Ray said in a tweet. “Thanks for your patience.”

I guess we are fortunate in Stoddard County not to have experienced any major outage today.
