Tyson Foods was named the 2020 Industry of the Year.

"Over the years their industry operations have grown significantly, all the way from the chicken egg to the table. They currently have 686 team members and have always been very employee oriented. This past year was no different," commented Directory Tiffany Wright.

"We saw other plants throughout the U.S. shut down, but not our Tyson Foods. They were proactive when it came to keeping their employees safe. They hired a COVID nurse, installed barriers in their break room and training center, they provide masks for all employees, and conduct temperature checks. Furthermore, they do random weekly COVID testing. Tyson Foods has a long- standing relationship with the community. Mark Avery and team are always willing to help our organizations and community events."

Tyson Foods came to Dexter in 1997.
