Dexter Police Department’s Youth Alcohol Enforcement Campaign Joins National Crackdown

Dexter Police Department’s Youth Alcohol Enforcement Campaign Joins National Crackdown To Reduce Drunk Driving Fatalities

‘Drive Sober or Get Pulled Over’ Campaign Will Target Substance–Impaired Drivers.

Dexter, Missouri - Local and state law enforcement will be out in full force as part of the annual nationwide Youth Alcohol Enforcement Crackdown substance–impaired driving crackdown. The crackdown, which will include high-visibility enforcement throughout Dexter, will run from April 30th – May 9th.

Although it is illegal in all 50 States, the District of Columbia and Puerto Rico to drive impaired (having a blood alcohol concentration of .08 or higher), far too many people across the nation get behind the wheel after consuming alcohol or other illegal drugs. The latest statistics from the National Highway Traffic Safety Administration underscore the serious nature of the nation’s continuing drunk driving epidemic.

“We want to remind everyone that getting behind the wheel impaired is a terrible idea. Unfortunately, not only does being under the influence impair your ability to operate a vehicle safely, but it also impairs your judgment and good sense about whether you can or should drive. If you have any doubt about your sobriety, do not get behind the wheel. If you do choose to drive impaired, you will be arrested. No warnings. No excuses,” Chief Trout said.

“Driving while impaired is simply not worth the risk. So, do not take the chance. Remember, we will be out in force and we will be watching, so ‘Drive Sober or Get Pulled Over,’” said Chief Trout.

Sparklight® Continues Partnership with Arbor Day Foundation to Plant 110,000 Trees

April 27, 2021 – Phoenix, AZ – In honor of Arbor Day, [Sparklight®](#) is pleased to announce it has extended its partnership with the [Arbor Day Foundation](#) to plant trees on behalf of customers who switch to paperless billing. Now in its seventh year, the partnership has resulted in 110,000 trees being planted in Sparklight markets and is helping further the Foundation's *Time for Trees®* initiative – a commitment to plant 100 million trees in forests and communities worldwide by 2022, the 150th anniversary of Arbor Day.

[“We’re excited to extend our partnership with the Arbor Day Foundation and assist in their initiative to help reverse damage done by the natural disasters that have impacted the communities we serve,” said Trish Niemann, Sparklight Senior Director of Corporation Communications. “By choosing paperless billing and online statement delivery, customers can join Sparklight in protecting our environment while at the same time enjoying the convenience that paperless billing offers.”](#)

Paperless billing is part of Sparklight’s ongoing effort to offer customers more choices while reducing the company’s impact on the environment.

“One of the best things about holidays like Earth Day and Arbor Day is that they are days that look toward the future instead of looking toward the past,” said Arbor Day Foundation President Dan Lambe. “We are so thankful for Sparklight, who works with us to preserve and protect our planet with the simple act of planting trees. We must all come together to invest in a greener future and realize that the time for trees is now.”

In addition to reducing impact on the environment, opting into paperless billing provides Sparklight customers with secure online access to their current statements, payment options, and account history.
