Sparklight Helps Install New Hudl Camera at Charles Bland Stadium

OCTOBER 11TH 2021 BY DEE LOFLIN

Sparklight Helps Install New Hudl Camera at Charles Bland Stadium

Dexter, MO - When Mark Whitehead, Sparklight's Customer Service Manager, received a call from Dexter High School's Athletic Director, Josh Dowdy, asking for help to install a Hudl camera on campus, Mark was more than happy to help.

He sent over a couple of techs including Chris Hale, Sparklight's Advance Tech, to help Josh out and install the camera, which was beyond his reach with any equipment he had on site.

Within an afternoon, the Hudl camera was installed and ready to capture any events that are held on the field, including football, band, track and possibly graduations, to name a few.

Neighbor helping neighbor or in this case a business helping a school. It takes a village to raise our kids these days and so glad Sparklight could help out Dexter High School!

United States Flag at half-staff in Honor of National Fallen Firefighters Memorial Day on Sunday

OCTOBER 01ST 2021 BY DEE LOFLIN

United States Flag at half-staff in Honor of National Fallen Firefighters Memorial Day on Sunday

On Sunday, October 3, 2021 please fly your United States Flag at half-staff in Honor of National Fallen Firefighters Memorial Day.

The United States Congress created the National Fallen Firefighters Foundation to lead a nationwide effort to remember America's fallen firefighters. Since 1992, the tax-exempt, nonprofit Foundation has developed and expanded programs to honor our fallen fire heroes and assist their families and coworkers.

The 40th National Fallen Firefighters Memorial Service will be held Sunday, October 3, 2021, to honor firefighters who died in the line of duty.

In accordance to Public Law 107-51, the American flag should be lowered to half-staff on Sunday, October 3, 2021 from sunrise to sunset in observance of National Fallen Firefighters Memorial Service.

Dexter Elks Lodge to Host Blood Drive on September 20th

SEPTEMBER 16TH 2021 BY DEE LOFLIN

Dexter Elks Lodge to Host Blood Drive on September 20th

Dexter, MO - The Dexter Elks Lodge #2439 will host a blood drive on Monday, September 20, 2021 from 1:30 p.m. - 5:30 p.m. at 325 North Two Mile Road in Dexter.

Sponsor Code: DexterElksLodge

Let's get game-day ready! Come to give blood Sept. 13-30 for a limited-edition college football T-shirt, while supplies last.* Whether your favorite school wins or loses, everybody will know you're a champion on Team Blood Donor!

Plus, there's an extra treat to spruce up your fall look. Those who come to donate in September will receive a coupon via email for a FREE haircut from Sport Clips Haircuts!***

Every two seconds, someone needs blood. Right now, there may be people waiting for blood in your own area. Will you be the MVP for patients in September?

Platelets and type AB plasma also needed

Platelet donors and those with type AB blood are also continually needed to help ensure patients receive the lifesaving blood products they need. Platelets – a key clotting component of blood often needed by cancer patients, surgical patients and bone marrow recipients – must be transfused within five days of donation, so donations are constantly needed. Donors with type AB blood are urged to give blood or platelets to restock the plasma supply. Type AB donors have the universal plasma type, which can be given to

patients of all blood types.

How to donate blood

The free Blood Donor App – available in app stores by searching for American Red Cross or by texting BLOODAPP to 90999 – not only makes appointment scheduling easy, but donors can also access their digital donor card and be notified when their donation is distributed to a hospital. Donors can also visit [redcrossblood.org](https://www.redcrossblood.org) or call 1-800-RED CROSS (1-800-733-2767) to make an appointment or for more information. All blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age (16 with parental consent in some states), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

Blood donors in the Missouri-Illinois Blood Services Region can now save time at their next donation by using RapidPass to complete their pre-donation reading and health history questionnaire online, on the day of their donation, prior to arriving at the blood drive. To get started and learn more, visit [redcrossblood.org/RapidPass](https://www.redcrossblood.org/RapidPass) and follow the instructions on the site.

About the American Red Cross

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-for-profit organization that depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit [redcross.org](https://www.redcross.org) or visit us on Twitter **at @RedCross**.
