# 1st Grade Classroom Earns 3Rs Flag for September 2021

NOVEMBER 01ST 2021 BY DEE LOFLIN

## 1st Grade Classroom Earns 3Rs Flag for September 2021

Dexter, Missouri - The 1st Grade classroom of Mrs. Ryan earned the Southwest Elementary Positive Behavioral Support Reward Flag for September 2021.

School Wide Positive Behavior Support (SWPBS) award is presented at the start of each month at Southwest Elementary. One classroom in each grade is recognized for exhibiting the high character with regard to observing the school's 3R's.

The 3R's stand for being Respectful, Ready to Learn and Responsible. The class with the highest attendance average, combined with the fewest disciplinary measures and general good character are awarded a 3R red flag to be posted in their classroom for the next month.

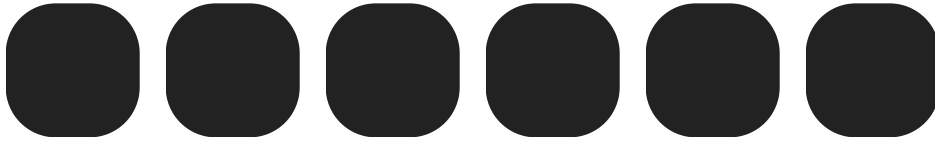

Back Row: Lennox LeBeau, Kylie Worley, Rice Garner, Emma Garner, Penelope Warren, Annabelle Bowers, Calvin Carnell, Ryan Patterson, and Blake Freeman.

Middle Row: Bailey Atkinson, Karter Kirkpatrick, Bentley Mattingly, Ryder Ackman, April Nichols, Olivia Frazier, and Ares Jarrell.

Front Row: Cayden Lawson, Myles Delcamp, Abbigail Alms, and Raelyn Barnes.

## Middle School Receives STEM Donation from Educational Talent Search

NOVEMBER 01ST 2021 BY DEE LOFLIN

### Middle School Receives STEM Donation from Educational Talent Search

The Three Rivers College Educational Talent Search program has donated a stockpile of gently used STEM kits to the Poplar Bluff Middle School for its hands-on elective.

The recent donation included “two cars worth of drones and other really cool gadgets,” reported sixth grade guidance counselor Britney Stahl, who serves as the Middle School’s ETS point person. She noted that program representatives offered the items to enrich the science, technology, engineering and math program out of the “kindness of their hearts.”

The new tools for classroom activities include Animation Labs, Vortex Labs, KiwiCo Tinker Crate Glowing Pendulums, Laser Projectors, Light-Chasing Robots, Electroluminescent Wire Sculptures, Drone and Test Tubes for Mentos Geyser

Experiments, Snowmaking, Jelly Marbles, Water Absorbing Polymer Cubes, Growing Plants in Test Tubes, Rainbow Tubes, Magic Sand, Energy Beads, Water Gel and Orbs, according to STEM instructor Melanie Schalk.

The kits were left-over from the end of the program's five-year grant cycle, during which officials applied for additional funds to start a STEM club to help keep Junior High students engaged, and used the products for weekly Zoom sessions through the pandemic, according to ETS Director Brandi Brooks.

"We were asking around to see who could possibly use the kits, and 'Bingo,' this was the perfect fit," Brooks said. "I'm excited to see what they do, and thrilled that someone can use it; it's really cool for the students. I was terrified it would sit here."

Funded through the U.S. Department of Education, the ETS program provides monthly in-school workshops, college campus tours and cultural enrichment opportunities for Poplar Bluff students, beginning in grade six. Established locally over three decades ago, ETS at Three Rivers is the largest such TRiO program in Missouri, with a seven-person team of outreach specialists.

Eligibility is based on whether students will be first-generation college attendees, their free or reduced school lunch status, and if significant assistance would be needed in order to finance higher education. Around 1,000 students are served in the region, comprised of 10 school districts, with Poplar Bluff being the largest.

"We provide that link for them—whether it's exposure to college campuses, or helping them go through the application process—to show the importance of something postsecondary in terms of education or a certification program that will advance whatever training it is that you need," Brooks explained. "We work with the whole student, not just college heavy stuff; tutoring services, soft skills. And every year we build just a little bit more until they get to that [pivotal] junior year."

Pictured: STEM students of the Poplar Bluff Middle School pose next to a representation of the activity kits generously donated by the Three Rivers College ETS program.
