Sparklight® Completes \$250,000 Upgrade to Dexter, Missouri Network

Sparklight®, a leading broadband communications provider, recently completed a \$250,000 upgrade to its robust, fiber-rich network in Dexter, Malden, Campbell, Kennett, Bloomfield, Bernie, Essex and Senath, Missouri.

In addition to further strengthening the reliability and performance of its high-speed internet service, Sparklight is engineering a network designed to meet the long-term connectivity needs of these Missouri communities

“Sparklight is committed to providing fast, reliable internet service to our residential and business customers and understands how critical high-speed internet is in keeping them connected to what matters most,” said Reid Morgan, Sparklight General Manager. “Our customers’ digital needs are advancing rapidly, and we are actively working to stay ahead of those needs with continuous investment in a network that will support our customers and community – now and in the future.”
